

STATISTICS ON IADC MEMBERSHIP AND THE WORLDWIDE RIG FLEET

IADC OFFERS THREE membership classes:

- **CONTRACTOR:** For contract-drilling and well-servicing firms worldwide, whether their operations are on land or offshore;
- **PRODUCER:** Open to all energy-producing companies;
- **ASSOCIATE:** Available to manufacturers, suppliers, consultants, educators, oilfield-service firms and others with a professional or commercial interest in the upstream energy industry.

In 2008, IADC comprises 373 contractors, 54 Producers and 812 associates worldwide, for a grand total of 1,239 energy companies.

IADC contractor members operate 4,373 drilling rigs of all types. 3,649 of those are land rigs, with 2,305 capable of drilling to depths of 14,999 ft and 1,344 able to drill beyond 15,000 ft. The IADC fleet includes 580 mobile offshore drilling rigs of all types, including jackups, semisubmersibles, submersibles, drillships and tenders. In addition, IADC contractors operate some 64 platform rigs and 80 inland-water barges. Finally, the IADC fleet also includes 2,248 land, offshore and inland-barge workover units and 52 coiled-tubing rigs.
