

Corporate Presentation
DrillSafe Panel Session
May 2011

Managing the Activity Ramp-Up and its Impact Drilling Contractor

What are the critical factors?

People
Equipment
Third party services
Transportation

Managing the Activity Ramp-Up and its Impact Drilling Contractor

People

Where and when do we find the
“right” people
Hire now

How do we establish the safety
culture and SMP?
Training and competency

Managing the Activity Ramp-Up and its Impact Drilling Contractor

Equipment

Fit for purpose rigs
Australian compliant

PMS

Documentation and Certification

Spares

Commonality and lead-time

Managing the Activity Ramp-Up and its Impact Drilling Contractor

Third Party Services

Tradesmen

Competition and wages pressure
from other industries

Mechanic

Electricians

Welders

Location Construction

Managing the Activity Ramp-Up and its Impact Drilling Contractor

Transportation

Roads
Regulation
Trucks availability
Weather
Own trucks?
